

proj_main_loop

```
graph LR; A[proj_main_loop] --> B[change_mouse_state]; B --> C[mouse_sync_bytes];
```

A flowchart with three rectangular boxes arranged horizontally. The first box on the left is white with a black border and contains the text 'proj_main_loop'. A blue arrow points from the right side of this box to the left side of the second box. The second box in the middle is also white with a black border and contains the text 'change_mouse_state'. Another blue arrow points from the right side of this box to the left side of the third box. The third box on the right is gray with a black border and contains the text 'mouse_sync_bytes'.
